Invitation

The Society of Construction Law (SCL) Serbia is incredibly honoured to be hosting the 1st Eastern European Regional Conference, which will be held in Belgrade, Serbia, on 27 April 2026.

The conference aims to gather construction lawyers, experts, and industry leaders from around the region while also engaging prominent local stakeholders, including contractors, employers, engineers, and consultants.

The conference theme “Construction across Borders” has been thoughtfully chosen to focus on cross-border topics and to present experiences from all over the region.

We are pleased to invite you to consider sponsorship opportunities for this conference, as outlined in this document. We genuinely believe that your support will be invaluable in facilitating the ongoing development of construction law and will provide you with exposure to leading experts and law firms.

We look forward to collaborating with you to ensure the success of this prestigious international event.

Yours faithfully,

Milan Perić
Chair, SCL Serbia

Why Sponsor?

SCL Serbia is a dynamic member of well-established international organisations, both the European Society of Construction Law (ESCL) and SCL International. Though relatively young, we are rapidly growing and already 109 members from various diverse sectors of the construction industry.

Sponsorship contributes to the organisation, planning, and execution of the conference, helping to reduce overall costs while enhancing participant engagement.

Sponsorship of the first regional conference provides an exceptional opportunity to enhance your brand visibility and reputation among international specialists before, during, and after the conference.

By becoming a sponsor, you will position yourself as a leading contributor in the construction law market not only in Serbia but the region as a whole, with anticipated attendance from a wide spectrum of industry players both locally and regionally.
